

DRILLING BOUT GETS SUPPORT OF MINES

BINGHAMPTON IS FIRST COMPANY TO KICK IN WITH CONTRIBUTION TOWARD PURSE; JEROMERS WANT RULES.

(From Sunday's Daily)
Judging from the responses which are being received by the miners' drilling contest committee, the idea of holding such a contest is meeting with approval throughout the county.

G. W. Johnson, of the Arizona Binghamton, has the honor of being the first to come forward with a subscription toward the \$1,000 purse which is being raised for this event. "I am certainly in favor of seeing such a contest held in Prescott. There is no question in my mind that this contest will mean much not only to the miners, but also the mining operators. It should be supported by every company in the county and boosted to the utmost," were the words of Mr. Johnson, when he gave Chairman Biles a check of \$50 from his company towards the purse. Following as a close second to Mr. Johnson, Major A. J. Pickrell, of the Commercial Mining Company put up \$50 for his company. This started the ball rolling with respect to the mining companies.

Yesterday afternoon a telegram was received from Robert E. Tally, superintendent of the United Verde, in which \$200 was pledged from that company toward the fund. This is the largest subscription received. Mr. Tally also requested information as to the rules, etc.

Individuals are also showing a keen interest in this contest and a sum close to \$100 was received from the following men: Charles Hooker, Clarence Denny, Joe Rudy, Elmer Brannen, W. P. De Wolf, Jenkins, Jas. Brown, Bert L. Savage, W. A. Cline, L. C. Bennett and J. P. Odell.

Rules For Prizes.
Bob Birch, Dave Biles, O. A. Helsa and Colonel Fred Bowler, who constitute the committee on the contest, have established the following rules and regulations for the amateur contestants:

1. Prizes: For double-jack teams will be, first, \$250; second, \$150; entrance fee, \$10 for the team.

For single-jack men will be: First, \$200; second, \$100; entrance fee, \$5 per man.

All contestants must apply to Bob Birch on or before July 2, 1917, by which time the entrance fee must be paid.

Rules For Contest.

2. No professional driller who has drilled in a professional contest, will be allowed to drill against amateurs in these contests.

3. All double-jack hammers must be weighed by the committee, and shall weigh eight pounds or less. Due allowance will be made for handles.

4. All single-jack hammers must be weighed by the committee and must weigh four pounds or less. Due allowance for handle.

5. All double-jack steel must caliper 7/8 inch in diameter entire length of piece, except the bit. All single-jack steel must caliper 3/4 inch in diameter for entire length of piece except bit.

6. Time of change for double-jack men will be arranged with the teams as they come on the rock.

7. All double-jack teams shall contest for 15 minutes straight with their changes.

8. All single-jack men shall drill 15 minutes straightaway.

9. All contestants must furnish their own steel and hammers, also the water hose men to tend hose.

10. Only contestants will be allowed to touch any steel after time is called to commence, till contestant's time is called by the official timekeepers.

11. No one will be allowed on platform during the 15 minutes' time for contesting, except the two judges and water man.

12. Committee will furnish the judges who will be announced later.

For Professional Drillers.
It has been decided to offer a \$400 prize for professional double-jack teams. This contest is contingent upon there being at least three teams of contestants. The various teams will have to establish the fact that they are recognized as professionals and as such are entitled to a special contest with a special prize.

ASKS \$40,000 FOR LOSS OF HIS ARMS

(From Sunday's Daily)
Lee R. McCoy, a former worker in the sampling mill of the Consolidated Arizona Smelting Company at Humboldt, values his two arms and hands at \$20,000 apiece. That is what he is asking for the loss of one hand and the injury of the arms, so as to completely disable them, according to the allegations in a complaint filed against the company by Clark & Clark yesterday.

McCoy was working as a mechanic in the sampling works in March of last year. It was his duty to feed powdered resin to a steel cable running over a bull-wheel, and one day, as he was leaning over in order to put the resin on the cable, his hand was caught and carried into the mechanism in such a way as to crush the fingers and make necessary the amputation of the left hand at the wrist. In trying to save his left hand, he used his right, and succeeded only in getting the arm badly crushed in the wheels, which he alleges were without proper housings or protection for the workmen.

McCoy was in the hospital until May 10, 1917. He claims that the injuries he suffered have permanently disabled him from working at his trade. He is 29 years of age and was receiving \$4.25 a day when he was hurt.

NAVAJO CAPTIVATES THIS HASSAYAMPER

(From Sunday's Daily)
Judge George W. Hance, of Camp Verde, has returned from a business trip to Navajo county, where he sold his cattle interests. He gives quite an interesting account of renewing old-time associations in a region which he first visited nearly 40 years ago, when he was assessor of Yavapai county. He states that the town of Snowflake, which was created in the 70s in honor of Bishops Snow and Flake, is a very thrifty and prosperous community, owing to the handiwork of the Latter Day Saints, and what was once a barren waste has been transformed into one of the most beautiful and productive sections of Arizona.

Judge Hance, when assessor in 1877, made several trips on official business to what is now known as Apache and Navajo counties, but in those days was part of Yavapai county. He says there still remain many old-timers, and his recent trip was made all the more agreeable by meeting so many of the first settlers. He was accorded many courtesies, and his impressions of the country were excellent.

Judge Hance, it will be learned with regret by many in this section, is soon to leave Yavapai. He closed deals a short time ago for all of his range and cattle interests, and is contemplating locating in Yuma county, where he is concluding negotiations for a large farm. He will retain the historic home at Camp Verde, however. He returns to Navajo county next week to enjoy a few weeks of recreation in fishing for trout and to visit with friends again.

INSTALLING NEW PLANT
(From Saturday's Daily.)

Arrivals from Copper Basin yesterday reported a new air compressor being installed at the Copper Hill, under operation by Arthur Garford, of Ohio, as well were other surface improvements being placed on the property. Another shipment of ore is to be made forthwith, making the second carload sent to market under the new management. Oil is to be used hereafter for fuel, and a car is being emptied at Skull valley. Miners report the property as making a good showing as development goes ahead.

CLARK TAKES A MILLION FOR ARIZONA

(From Thursday's Daily.)

Senator W. A. Clark, on behalf of the United Verde Copper Company has subscribed \$1,000,000 to the Liberty Loan, to be credited to Arizona. This was the information received from the senator by Anderson, Coleman & Nilsson, local counsel for the United Verde.

This makes the second United Verde subscription to the Liberty Loan. The first, for \$5,000,000 was put in the general fund and credited only to the New York office of the company. This new donation is to go into the banks as part of the allotment of the State of Arizona. It is thought likely that the million will be pro-rated between Yavapai and Mohave counties, each of which have United Verde holdings.

O'MALLEY ASKS \$20,000 FOR LOSS OF EYE

MINER HURT WHEN DEFECTIVE FUSE LETS OFF DELAYS BLAST ASKS THAT SUM FROM RANDOLPH-GEMMILL.

(From Tuesday's Daily.)
Alleged defective fuse supplied him by his employers was the cause of injuries suffered by Patrick O'Malley, for which the latter has sued the Randolph-Gemmell Development Company for \$20,000. The suit was filed yesterday.

The loss of his left eye and great injuries to the head and body, the plaintiff claims, were caused when several shots went off after they had been fired in the Springfield shaft on the Venus claim of the company, which is operating in the Pine Grove mining district. O'Malley was one of the dynamite men on shift in the Springfield, according to the allegation. It was customary to give the shots 20 minutes or so to explode, after the first of the rounds had registered. In this case, but 15 of the 18 holes prepared had been counted. The men returned to the shaft and were working opposite the spot where the holes had been prepared, when two or three delayed shots went off, filling the shaft with flying debris.

Clark & Clark represent the plaintiff.

WEST TO RAISE BIGGER RED CROSS FUND

SAN FRANCISCO, June 16.—The West, from the Mississippi to the Pacific, has promised to raise a sum greater than the \$15,000,000 asked of it by the Red Cross War Council. Every State has responded to the appeal, and many of them have delighted the Western committee by offering to increase the amounts apportioned them.

California leads the list, with \$3,250,000. Texas is next with \$2,500,000. Kansas follows with \$1,600,000. Four big States have promised a million each—Washington, Colorado, Oklahoma and Nebraska. Another million will be raised by North and South Dakota together. Iowa, with the exception of three big cities, will raise half a million. And Missouri, with the exception of two cities, will do the same.

Oregon has set the mark at \$700,000. Idaho guarantees \$400,000. Montana is down for \$300,000. Arizona and Utah will each raise a quarter of a million. New Mexico and Arkansas have promised \$200,000 apiece, and Nevada and Wyoming say they are good for \$100,000 each.

The total is \$15,850,000—nearly a million more than the West was asked to give.

TO SHIP TO MIAMI

(From Saturday's Daily)

Arizona Binghamton has arranged with the International Smelter at Miami that handles all Inspiration Consolidated ore to handle their concentrates. Arizona Binghamton was making more concentrates than the Consolidated Arizona smelter could handle. This means better recovery of copper and higher prices for product.

Try the Journal-Miner for artistic job work.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative one can use.

Theodore's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action. Leaving no bad after-effects, it has won the praise of thousands of people who have used it.

SANITARIUM IS IMPROVED AND ENLARGED

PINE RIDGE MAY PUT IN SWIMMING POOL AND RECREATIONAL GROUNDS FOR THE PEOPLE OF THE CITY.

(From Tuesday's Daily.)
Considerable improvement has been made in the Pine Ridge sanitarium since the winter snows went off, and now, this place is about to put in a line of extensive electrical equipment that will make it a self-contained unit.

Located about a mile and a half south of the city on the Jersey Lily road, Pine Ridge comprises 160 acres of fine pine land, and now boasts in addition to the central building, a group of eight cottages of two rooms each. Lumber is on the ground for the construction of six more cottages. The present capacity of the sanitarium is 12 to 15 patients, and this will be increased shortly.

One of the plans of Dr. A. C. Klein, the medical director, is for the construction of a recreation park and a swimming pool for the use of the people of Prescott. He says there is a plentiful water supply for this project. Dr. Klein was formerly associated with his father in a big sanitarium in Switzerland. He thinks the climate of Prescott equals that of Europe's greatest playground for the treatment of tuberculosis.

PRESCOTT WILL RAISE FUND \$10,000

(From Sunday's Daily)

Yavapai county's quota for the Red Cross dollar army to be raised starting tomorrow, is \$10,000, and the work of lifting this amount will be prosecuted with the utmost vigor. Workers for the Red Cross anticipate very little trouble making good on this matter, especially inasmuch as the city of Tucson, before there was a formal call for raising a fund, braced up its galluses and raised \$25,000 within the city limits.

Prescott and Yavapai county have plenty of enthusiasm for the work of the war—or that part of it, which an isolated and non-military community like this can do.

In commenting upon the activity which has been displayed by the girls and women of Prescott in the membership campaign which has been launched in Prescott, Dr. Taylor, of the University of Arizona, yesterday remarked: "I certainly compliment Prescott on the splendid work which it is doing for the Red Cross. I have just been on a tour covering practically the entire State and I have yet to find a city where such enthusiasm has been manifested and where so great a number have been enrolled for membership. In fact it occurs to me that there was not organized an official chapter in Prescott, that this was the first city in the State to actively take up the work in all its branches and now that a chapter has been established for the entire county, it seems to me that such a splendid example could be followed with good results by other cities in Arizona."

COMMENDABLE ACT

(From Sunday's Daily)

James Robertson, who arrived by auto Friday from his mining camp in the Eagle Tail range of Yuma county, reported that his nephew, Stephen Harrison, had returned from Sonora, for the special purpose of registering for service in the army. This young man reached the age of 21 years just one day ahead of the date for registering, and he left a prospecting camp near the Gulf of California to offer his services to the nation. He attended an Eastern college over two years ago, where military instruction was one of the courses taught. Mrs. Robertson accompanies her husband and they will remain for the Summer.

FUNDS FOR RED CROSS EXCEED ESTIMATE

(From Sunday's Daily)

Exceeding the figure set for the three-day Red Cross drive, the committees of women who worked yesterday succeeded in securing enough members to bring the figures well above the 900 mark, with not all the reports tabulated.

At 6 o'clock the fund had reached the sum of \$1,072, with some stations yet to be heard from, and later in the evening, enough more was added to bring the total up to about \$1,100.

Reports will be collected and tabulated tomorrow.

YOUNG GIRL IS BURNED IN A RANCH HOME

ALMA CAMPBELL DIES IN FLAMES AS RESULT OF EXPLOSION OF LAMP; DAUGHTER OF JOHN CAMPBELL.

(From Tuesday's Daily.)
Word was received here of the death in her burning home of Alma Campbell, 15-year-old daughter of John Campbell, a rancher on Beaver creek, Sunday night. Few details were learned.

According to the story as learned here, the fire was caused by the explosion of a lamp. The light frame building caught fire almost instantly, and the young girl was smothered before help could reach her. It is understood that she was alone in the house at the time, her father being some distance away.

John Campbell rented the ranch from William Back. Word was sent in from the Back ranch near Montezuma's Well to Camp Verde, and a coroner's jury was impeded there to investigate the case.

CLARKDALE MAN IS NAMED ON COMMISSION

PHOENIX, June 16.—Governor Campbell yesterday completed the personnel of the new commission for the management and control of State institutions by appointing as members W. J. Jamieson, of Clarkdale, and John L. Gust, of Phoenix. These, with Doane Merrill, named by the governor on June 7th as a member of the commission, complete the membership of that new body. All appointments are to date from June 7th.

The new commission for the management and control of State institutions was created by a bill passed during the last legislature and takes the place of the old board of control. Doane Merrill, who was the citizen member of the old board of control, is a member of the new commission. The commission met yesterday for organization. Mr. Jamieson is a well known construction engineer of Clarkdale and Northern Arizona. Mr. Gust is a prominent attorney of Phoenix. These, with Mr. Merrill, who is a well known banker and business man of Southern Arizona, complete a strong and able commission.

Charles Christy, of Phoenix, was selected as secretary of the commission.

ABSTRACT OFFICE

HYMENEAL BEEHIVE

(From Thursday's Daily.)
There is a hypnotic influence pervading the office of the Prescott Title Company, in which Dan Cupid seems to be the medium to swing his lariat whenever it seems opportune to rope and tie down to the altar of matrimony.

Z. O. Brown, the manager, however, is inclined to believe there is a "jinx" in active harness somewhere around the premises and his theory seems to be well founded by the marriage during the week of Miss Emma Denny, an attaché until recently, to John H. Shull, this being the seventh Prescott girl to leave the employ of the company via the matrimonial route. Brown also says that the abstract work which carries the familiar phrase of "to have and to hold" has evidently become deep rooted in the minds of the young ladies, and havoc has resulted in their heart beats. It seems the young ladies must succumb sooner or later, to the idea of possessing and enjoying a home of their own. The loss of one is followed by requests from others for employment, and applications are again coming in thick and fast for the vacant desk.

PRESCOTT YOUTH IS MILITARY OFFICER

(From Friday's Daily.)

Military honors are coming thick and fast for young men of Prescott, and the recognition extended recently to Thomas Marks, Jr., son of Deputy Sheriff and Mrs. Thomas Marks, is another tribute to a deserving and capable young man, who is preparing to leave for France with a commission, and will be attached to the medical corps of the American army.

This young man returned to Prescott a few days ago on leave of absence to settle up his business, and with his mother and sister, Miss Millic Marks, left yesterday for San Francisco to report for duty. He had been attending Stanford university for the past two years, taking a medical course. Hereafter he will be assistant surgeon with the rank of first lieutenant. Mrs. Marks and daughter are to remain on the coast for about two months before returning.

JIMMY FARLEY JOINS THE NAVY AS YOEMAN

DEPUTY COURT CLERK LATEST RECRUIT IN UNCLE SAM'S DRIVE TO BUILD UP WATER POWER; 3 JOIN.

(From Tuesday's Daily.)

James V. Farley, U. S. N.
The hankering after a life on the ocean wave and a home on the rolling deep overcame Jimmy Farley, son of, and deputy under P. J. Farley, Superior court clerk, and he went out of this town Saturday night with the papers of the United States navy in his pistol pocket.

Arrived at El Paso yesterday morning, he took his examination, passed successfully, and wired the news and his resignation to his dad. He is rated as a yeoman.

A younger brother and a sister left Sunday for Flagstaff, where they are to attend the Summer school at the Northern Arizona Normal school.

Two young Outanmites left here yesterday for El Paso, with the navy as their destination. They are Howard B. Haskins and George D. Lyons.

SEEK RELATIVES OF LEONARD C. WATSON

(From Saturday's Daily)

The sheriff's office would like to secure information regarding the relatives here of Leonard C. Watson, whose death was announced in the following telegram from a Pueblo, Colo., undertaking firm:

"Leonard C. Watson killed here in railroad wreck has school and road tax receipts from Yavapai county. Locate his family if possible and have them wire us disposition of the body."

If anyone knows anything about Leonard C. Watson or his relatives, he will confer a favor by notifying the sheriff's office at once.

PUBLIC RECORDS.

Instruments Filed as Recorded By the Prescott Title Co.

June 9, 1917.

Bert Hall and wife to E. C. Hill and Geo. Parker. W 1/2 of NW 1/4 and SE 1/4, Sec. 15, 15N., 1E.

J. F. McAvin to Thos. Marmont. Two-thirds interest in Louise, Louise No. 3, Goliah, Tyree and Pioneer mines, Hassayampa district.

Len Young files notice of pre-emption on W 1/2 of NW 1/4, Sec. 17, 13N., 5E.

Decree of Superior court in estate of Lily, Lee, James, Lloyd and Floyd Murphy, minors, confirming sale of one-fourth interest in NE 1/4, Sec. 8, and East 82 rods of NW 1/4, Sec. 8, except SE 1/4 of NW 1/4, 13N., 5E., to J. H. Wingfield for \$1,250.

G. Michener and wife to C. W. Rogers. Bill of sale. Three-room house at Clarkdale.

G. Michener and wife to C. W. Rogers. Bill of sale. Restaurant at Clarkdale.

W. G. Wingfield and Marguerite Rogers. Bill of sale. Furniture and Stephens Laing to J. L. Wall. N 1/2 of NE 1/4 of NW 1/4, Sec. 13, 13N., 5E.

Harry McMichael to T. C. Nolan. Bill of sale.—Stock of merchandise, etc., at Mayer.

Harry McMichael to T. C. Nolan. Bill of sale.—Store fixtures, building, etc., at Mayer.

June 11, 1917.

C. W. Pierce, et al, locate three placers, Walnut Grove district.

Ezra W. Thayer locates Rosalind No. 2 mine, Black Rock district.

Geo. Zettler locates Golden Age mine, Walker district.

C. F. Meyers and F. L. Haworth incorporate Red Mountain Consolidated Copper Mines Co. Capital stock, \$5,000,000; principal office at Prescott.

June 12, 1917.

M. A. McKay locates three mines, Pine Grove district.

J. Revello to E. L. Riggs. Agreement.—Borino mine, Lane district.

R. A. Hall locates two mines, Del Rio district.

H. A. Bruntsch, et al, locate Lucky Jack mine, Blue Tank district.

E. J. Hussen locates ten mines, Blue Tank district.

Frank O. Smith, trustee, to Chas. Rust. Lots 5 and 6, Block ten, Meyer.

Patent.—E 1/2 of SW 1/4 and W 1/2 of SE 1/4, Sec. 2, 14N., 4E.

Hassayampa Alfalfa Farms Co. to Sarah E. Heslop. SW 1/4 of NW 1/4, Sec. 26, 16N., 2W.

Hassayampa Alfalfa Farms Co. to Harry Heslop. N 1/2 of NW 1/4 and SE 1/4 of NW 1/4, Sec. 26, 16N., 2W.

June 14, 1917.

J. F. Clapp locates two mines, Black Canyon district.

A. Albert files affidavit of assessment work on two mines, Hassayampa district.

C. W. Nelson to Charles E. Meyers. Iron Cap, Iron Cap Nos. 2, 3 and 4, Interimine, Interimine Nos. 1, 2 and 3 mines.

Elizabeth M. Wine and Elias Wine to Earl Hopper. N 1/2 of NE 1/4, Sec. 20, and S 1/2 of SE 1/4, Sec. 17, 13N., 5E.

A. R. Downs and E. R. Downs to The Rich Consolidated Mining and Development Co. Oregon and Roseburg mines, Weaver district.

George Myers and Dan B. Genung to The Rich Hill Consolidated Mining and Development Co. Independence, Torenco, Mohawk, Last Chance, Little Daisy, Condyke and Indian Chief mines.

D. C. Thorne, et al, locate two water rights, Eureka district.

M. F. Dennison, E. J. Bessett and M. B. Nimmo incorporate Southern Girl Gold Mining Company. Capital stock, \$500,000; principal place of business at Prescott.

June 15, 1917.

John Kinney locates eight mines, Big Bug district.

Abbert Oechsler locates two mines, Eureka district.

John M. Lindell to Herman A. Wagner. Power of attorney.—Grants general powers.

Geo. W. Nilsson and M. E. Cahill incorporate Jerome Standard Copper Co. Capital stock, \$750,000; principal office at Jerome.

Cynthia Burton and husband to J. H. Wingfield, Jr. One-fourth interest in NE 1/4 and E. 82 acres of NW 1/4, less SE 1/4 of NW 1/4, Sec. 8, 13N., 5E., and water.

Henry D. Ross and wife, P. W. O'Sullivan and wife to J. H. Wingfield, Jr. One-half interest in same property.

Estate of Murphy minors to J. H. Wingfield, Jr. One-fourth interest in same property.

David Scott to Jos. L. and Elijah Lay. Bill of sale.—All cattle owned.

June 16, 1917.

O. S. Caywood locates three mines, Big Bug district.

Harvey Hon, et al, to Arizona Queen Oil Co. Lease.—One oil claim, in Sec. 30, 17N., 1W.

W. R. Norton, et al, to Arizona Queen Oil Co. Lease.—One oil claim in Sec. 30, 17N., 1W.

C. L. Dunbar, et al, to Arizona Queen Oil Co. Lease.—One oil claim in Sec. 25, 17N., 2W.

Frank B. Wood, et al, to Arizona Queen Oil Co. Lease.—One oil claim in Sec. 25, 17N., 2W.

Edward J. Byrne, et al, incorporate Jerome New York Copper Co. Capital stock, \$2,000,000; principal office, Prescott.

United States to James H. Reeves. Patent.—Lot 4, Sec. 1, 13N., 4E.; Lots 6 and 7, Sec. 6, 13N., 5E.

James H. Reeves to Ellsworth W. Monroe. Same property.

Ellsworth W. Monroe and wife to E. Calvin Beatty. Lot 4, Sec. 1, 15N., 4E., and S. 30 feet of Lot 7, Sec. 6, 13N., 5E.

June 18, 1917.

J. B. Shaw locates three mines, Copper Basin district.

L. T. Dale to Abe Lincoln Copper Co. Bill of sale.—One Ford touring car, Phoenix.

Harry McMichael to T. C. Nolan. Bill of sale.—Stone building, Mayer.
